Tom,

I was able to locate emails between Ms. Scott, Ms. Vanderstelt, and Ms. Storck regarding their "monitoring" (without a device) of Ms. Drake and Ms. DeJusto, as Ms. Scott testified to at her deposition. I will send those supplemental documents over. We are informed that Verizon will not provide local phone records. Further, we will not be producing "all emails authored/received by Melissa or Doug" as you request below. My client does not have emails between your clients, and you never hired an expert to perform any sort of forensic email retrieval (which we would object to in any event). I also disagree with your statement below that all of the documents you request are "relevant."

I will look for your client's supplementation as well, as we agreed.

Steve,

I need to know whether you will agree to produce 1) local phone records for Drake & Scott; 2) all emails authored/received by Melissa or Doug which your expert admitted were on the Drake & Scott server, and 3) emails related to the "monitoring" Brianna discussed at her deposition.

The relevance of these documents is self-evident. I'd obviously like to avoid motion practice. Please let me know by mid-day tomorrow. Thanks.
